### Strike Mob Derails Engine; Chance Averts Wreck of Laborers' Cars

#### RAILROAD YARD SCENE OF RUSE IN EARLY MORN

Police Taken Unawares When  
Strikers Spring From Hiding  
Places and Hurl Empty Gas-  
oline Drums Under Wheels  
of Locomotives Pulling Cars  
With Strike-Breakers Bound  
for Docks

#### NEW VIOLENCE MET LATER WITH BIG GUARD OF MEN; COUNTY ATTORNEY PROBING

Arrests Made of Alleged Active  
Leaders, Whose Counsel  
Complains Sheriff Will Not  
Allow Him to See Them; Jack  
Edwardson Announces Quit-  
ting of Committee Because  
Strikers Using Force Despite  
All Advice

Anticipating a prolonged sur-  
veillance of the strikers along the water-  
front, Deputy Sheriff Asch this after-  
noon informed Marcus H. Sanders,  
desk clerk in the police station, to  
henceforth act indefinitely as chief  
in the jail, catering to the gastronomical  
wants of approximately 30 policemen  
who will take up their abode at the  
jail during the excitement.

This afternoon the man who threw  
the gasoline barrel under the loco-  
motive wheels this morning causing the  
derailment was charged with rioting,  
and the others arrested were put un-  
der various charges with bail set at  
\$50, which was furnished through H.  
W. Breakers, their attorney.

Above the tall, heavy barricades  
which the strikers placed about the  
entrance of Pier 16 there have been  
placed six strings of barbed wire from  
four to six inches apart as a further  
protection and preventive of any ef-  
forts on the part of strikers to scale  
the fences.

Agents for shippers are reported to  
be still securing strike-breakers ready  
to work if they have protection to the  
piers and when there.

Representatives of the shipping  
houses said this afternoon that they  
had held no meetings or conferences  
today and knew of none planned for  
this afternoon or tonight. They de-  
clined to discuss the possibility of an  
offer being made to the strikers of  
any wage increase whatever.

Loss of life in a bad wreck in the  
Oahu railway yards was averted by  
chance this morning when an engine  
derailed by a mob of striking water-  
fronters and their sympathizers  
bumped along on the tie half a hun-  
dred yards without turning over or  
throwing off the cars con-  
veying strike-breakers which were  
being pulled behind.

It was no fault of the strikers that  
the accident did not turn out very se-  
riously. They threw the speeding en-  
gine from the tracks by tossing an  
empty gasoline drum under the wheels  
and if this obstacle had failed, other  
groups of the desperate men were  
ready to hurl big timbers across the  
rails and finally to roll upon the track  
a number of heavy spare car-wheels  
stacked alongside the right-of-way.

The derailment of the engine early  
this morning was the most serious de-  
velopment of an eventful day, and is  
regarded by all odds as the most se-  
rious act of lawlessness and violence  
since the strike started.

Other developments were these:

1. Massing of 50 police on water-  
front to protect strike-breakers from  
mobs. The police admit they were  
taken at a loss both yesterday and  
today but Sheriff Rose is confident  
that he has plans worked out which  
will give the necessary protection.

2. Arrest of three men today  
charged with more or less active  
participation in the violence.

3. City Attorney Brown visits  
waterfront and confers with Sheriff  
Rose on measures for protection and  
prosecution of offenders. Makes in-  
vestigation of scene of engine derail-  
ment and watched guarded train finally  
taken to docks.

4. Attorney for two of arrested men,  
Robert W. Breckons, makes formal  
complaint to sheriff that he is not al-  
lowed to see them while attorneys for  
the shippers are so allowed.

5. Jack Edwardson, agent of the  
Sailors' Union and promoter of the  
new longshoremen's union, quits strike  
committee, declaring that he is dis-  
gusted at acts of violence.

#### STRIKERS IN FORCE DERAIL ENGINE AND STOP MORNING TRAIN

The lawlessness of the striking  
stevedores attained a fever height at  
6:15 this morning when they derailed  
an engine pulling cars bearing strike-

**STRIKE IS CARRIED INTO LOCAL POLITICS**  
Definite reports were current in political circles today that at a meeting of striking stevedores last Sunday evening speeches were made by political agitators urging that the waterfronters "knife" Republican candidates at the primaries next Saturday. Speakers advocated "knifing" Candidates R. W. Shingle and Jack Lucas on the senatorial ticket, and T. H. Petrie and Clarence H. Cooke on the representative ticket, on the ground that they were directly or indirectly connected with shipping interests and thus should be fought by the strikers. A well-known Republican politician said today that an attempt will be made to turn 800 waterfront votes against these men and possibly others.

**TELLS OF KILLED AND INJURED CATTLE**  
Taking the stand in the Inter-Island hearing at the public utilities meeting this afternoon, G. J. Waller, Jr., secretary of the Hawaii Meat Company, proved an interesting witness. Waller stated that out of a shipment of 75 cattle on the Mikahala a few weeks ago two were crippled so badly that they were unable to stand and a third was dead. Waller said he had complained personally to Vice-President McLean of the Inter-Island, but besides a promise to look into the matter, had received no satisfaction. There was a beef in the balance of the shipment, he said.  
On the other hand, Mr. Forbes, the secretary, testified that the three cattle were killed by a house, the cripples to be put on the mar-

a profit of 20 per cent be paid. The  
matter has been referred to another  
meeting of the board, at which

ized movement to procure from the min-  
istry and from public power.

A circular letter demanding his re-  
tirement has been sent to the Reich-

The attack on the chancellor are  
due to his attempts to reach an agree-  
ment with Great Britain, first, on his  
attitude toward Belgian neutrality,  
and second, on the submarine issue.

(The campaign against the chan-  
cellor is generally credited to the ex-  
treme war party and to the followers  
of the former Grand Admiral von Tir-  
pitz, who counseled radical submarine

with wishing to hold the submarine
